

Only one of them will consistently deliver maximum compaction in your landfill.

Four brands of landfill compactors; however only one is purpose built and designed for landfills. That's the Al-jon Advantage Series with greater compaction and four-wheel stability. There's no wire wrap on wheels.... or bellypan to get hung up in the mud. • Al-jon Compactors are the landfill's benchmark for performance and reliability. Backed by our North American network of strategically placed service centers, we're ready to maintain and service all your compactor needs. Al-jon Inc., 14599 2nd Avenue, Ottumwa, Iowa USA 52501 • 641-682-4506 or 800-255-6620 www.aljon.com
