

The #1 reason to buy Al-jon?

“The compaction is fantastic.”

Vern Anderson, Scott Area Landfill in Iowa

To make the most of your landfill, you have to maximize the use of every cubic foot of available space. That takes the kind of compaction only Al-jon provides. The unique shape of our teeth chop and compact with greater density.

Wheel wrap? “The wheels stay clean no matter what you’re driving through,” says Vern.

And the roomy cab? “Wow – what a view!” No wonder Vern prefers Al-jon.
