

Mike Paral
Facility Manager
Kewaunee Country Solid Waste
Kewaunee, WI

“Our Al-jon 525 will pay for itself in 3 to 5 years – just on saved air space!”

Al-jon puts real teeth into compaction with its patented lugs. “We’re getting 1,800 to 2,000 pounds of compaction daily, compared to 1,200 to 1,400 pounds with our old yellow machine,” Mike Paral states.

“It rips materials to shreds with no big pieces left.” The benefit? “We proved to our Board that our Al-jon unit will pay for itself in 3 to 5 years – just on saved air space,” he adds.

Repairs and service? “Al-jon bends over backwards to make sure our machine is running,” he explains. “And if it ever isn’t, they get it fixed within a day. Al-jon service is just phenomenal!”

THE ADVANTAGE SERIES

ADVANTAGE 600 – 126,000 LBS.

ADVANTAGE 525 – UP TO 110,000 LBS.

ADVANTAGE 500 – 87,000 LBS.
